

KHAIRAJ RAM

FULL STACK WEB DEVELOPER

Bikaner, Rajasthan | 8824488725 | khairajramtard@gmail.com

SUMMARY

A results-driven Full Stack Web Developer skilled in the MERN stack and modern web technologies. I specialize in building scalable, user-focused applications with efficient APIs and strong performance. Experienced in projects from real-time communication to business solutions.

TECHNICAL SKILLS

JavaScript	React.js	MongoDB
TypeScript	Next.js	Prisma
HTML	Node.js	Tailwind CSS
CSS	Express.js	C++/C

PROJECTS

Real-Time Chat Application

- Developed a real-time chat application using WebSockets with features like room-based messaging, live typing indicators, message persistence, and a responsive UI for seamless communication.
